

1. Tenant shall submit one (1) set of drawings and specifications for all proposed exterior signage to Landlord for approval.
2. All exterior signage is required to conform to City of Maple Grove ordinances. No sign or structure shall be erected, constructed, rebuilt, or relocated until a permit has been issued by the City of Maple Grove. It is Tenant's responsibility to obtain approvals and permits as required by the City of Maple Grove. Tenant is responsible for the cost of permit(s). Landlord must approve all drawings prior to City submittal.
3. All tenant spaces are required to be identified by signage.
4. All exterior signage must be professionally constructed and installed.
5. All exterior signage should be constructed of individual illuminated letters. Cabinet style and/or panel wall signs, reader boards, and electronic display signs are not permitted.
6. Tenants are required to install one (1) exterior building sign.
  - a. In-line tenants will be required to install a sign on the front/main entrance building exterior.
  - b. End-cap tenants will be required to install a sign on the front/main entrance building exterior. A second exterior sign, while not mandatory, will be allowed on the side building exterior.
7. If upper case letters are used, maximum height is 30-inches. If upper and lower case letters are used, maximum height is 36-inches. Multiple lines of copy shall not exceed 42-inches. Letter heights exceeding these requirements are subject to Landlord and City of Maple Grove approval.
8. The total area of any wall sign shall not exceed ten-percent (10%) of the wall area on which the sign is installed.
9. Tenant exterior sign(s) cannot exceed seventy-five percent (75%) of the width of each tenant space. Tenant's space is defined as front footage or side footage, as the case may be, from common wall to common wall.
10. Individual letters may be accompanied by a logo in a can no greater than 30-inches by 30-inches. Logos exceeding this requirement are subject to Landlord and City of Maple Grove approval.

11. All exterior signage must be mounted to aluminum raceways. Raceways cannot exceed 12-inches in height. Raceways and any exposed electrical conduit and/or junction boxes must be painted to match the appropriate building exterior. EIFS exterior colors are listed below.

12. Tenant exterior sign(s) should be centered on the sign band of each tenant space.
13. Neon graphics may only be used if Landlord approval is obtained.
14. All storefront signage shall be installed no later than 60-days following the lease Commencement Date. In the event storefront signage has not been installed, Landlord reserves the right to install a sign on Tenant's behalf. The cost of such sign will be at Tenant's sole cost and expense.
15. Electrical power will be brought into each tenant space. It is Tenant's responsibility to arrange for their sign(s) to be hooked-up. Tenant may be required to hire an electrician to complete this work as electrical hook-up is not performed by most sign companies.
16. A photo-cell may be used to regulate sign usage, which must be located and installed on the sign or adjacent to it on the building facade. The photo-cell, if used, must run through a "relay" that is connected to the sign for efficiency purposes, and any exposed electrical wires associated with the photo-cell must be painted to match the building exterior. In the event a photo-cell is not installed, Tenant will be required to illuminate all signage twenty-four (24) hours a day, seven (7) days a week. Timers may not be used in place of photo-cells.
17. Upon removal or alteration of Tenant's or prior occupant's exterior signage for any reason, Tenant shall be responsible for all costs associated with the repair, re-skimming and/or replacement of the building facade where the exterior signage was attached. Upon vacation of the Premises or lease expiration or earlier termination, Tenant will be required to remove all exterior signage from the Premises and cap electrical conduits to code below surface level at Tenant's cost. Landlord will contact Tenant at least forty-five (45) days prior to lease expiration, earlier termination, or upon Tenant's notice of removal, with an estimated cost of building facade repair work, and such cost will be added to Tenant's rental account, which must be paid in full to Landlord within thirty (30) days of demand or prior to lease expiration, whichever occurs first.
